How to use the AMA Citation Generator?

**STEP 1**

Go to https://www.refme.com/citation-generator/ama/

Then Select “Journal” if looking for an article reference.

**STEP 2**

Put a reference or a part of the reference you want to get the full citation according to the AMA then click on Search. You can just enter names of authors.
Click on the corresponding reference to your search

STEP 3

This is what you will get. Click on "Generate"

STEP 4
Well done you’ve got the full citation of your article according to the AMA. Copy and paste the citation on your reference list.
